

CHEVROLET  
WON RACENearly Equalled Record for  
Circular Track

## HAD TO CHANGE TIRE

Lost Minute and Half Making Change.  
Two Amateur Drivers in Five-  
mile Race Have Narrow Es-  
cape from Death.

Buffalo, N. Y., Aug. 7.—Louis Chevrolet, the French speed marvel, fell short only a few seconds of equalling the world's record for 50 miles over a circular track at Fort Erie yesterday in a race with F. S. Lorimer, Barney Oldfield having refused the issue because his car was not working well. The Frenchman covered the 50 miles in 52:10 2-5.

Chevrolet was forced to stop in the fortieth mile to change a tire, losing a minute and a half making the change.

As a preliminary to the big match race tomorrow between Barney Oldfield and Walter Christie the two met today in a three mile race. Christie drove his record breaker while Oldfield was at the wheel of his new racer, Benz. Christie won the race easily, the time for the three miles being 2:49.

Two amateur drivers entered in the five mile handicap, free-for-all, had narrow escapes from death. At the three quarter pole one of the drivers, Harry Hughes, cut the corner too close and plunged through the fence. Albert Hoer, following lost control of his machine and it went through the barrier on the opposite side of the track. Both machines were wrecked, but the men escaped with slight cuts and bruises about the hands and face. Summaries:

Three miles sweepstakes, winner to meet Barney Oldfield, first heat, Walter Christie, first; E. C. Croker, second; time, 3:19.

Second heat sweepstakes; Christie, first; Oldfield, second; time 2:49.

Five-mile open, free-for-all; Louis Chevrolet, first; F. S. Lorimer, second; George Austin, third; time, 4:58.

Five-mile handicap, free-for-all; Chevrolet, first; Croker, second; Austin, third; time, 5:20.

City-mile Buffalo Derby for stock phases; Chevrolet, first; Lorimer, second; time, 5:10 1-5.

## CASE ENDS TODAY.

Possible Outcome of Thaw's Latest Efforts for Liberty.

White Plains, N. Y., Aug. 7.—Harry K. Thaw's latest struggle to regain his freedom will end today. The submission of testimony in his habeas corpus proceedings before Justice Isaac N. Mills, whom Thaw has been convinced of his sanity, closed yesterday afternoon and all that remains is the final arguments of the attorneys. Justice Mills will file his decision with the county clerk on the morning of Thursday, August 12.

Several possibilities confront Thaw. The court may grant his plea and make him absolutely free. It may decide that he has not established his sanity and refuse to interfere in which case the state authorities probably will send him back to Mattawan hospital for the criminal insane. But Justice Mills has further discretionary powers. He may feel that the young man's mental condition is still in doubt and for that reason delay a final order meanwhile paroling Thaw in the custody of some officer or possibly on his own recognition in the care of his family. Or he may declare Thaw insane, but, moved by his mother's complaint regarding his surroundings at Mattawan, send him to some other state hospital not peopled by criminals.

## LIKE THE SIGEL MURDER.

Chinese Merchant of Berlin Kills White Girl, Then Himself.

Frankfurt, Germany, Aug. 7.—The murder of a white woman by a Chinese man, somewhat similar to the murder of Elsie Sigel in New York last June, occurred in this city yesterday. Tien Yon, a Chinese merchant of Berlin, attacked by jealousy, shot Hildegard Hoffman, a music hall singer, and then turned his revolver on himself. Both died within a few minutes.

## GOLD BRICKS FOR GOVERNMENT.

They Are Real Ones, However, and Are Worth Half a Million.

Seattle, Aug. 7.—Gold bricks weighing 2,400 pounds and worth more than half a million dollars were received in the government assay office yesterday, coming through the mail from Fairbanks, Alaska, via Vancouver, B. C. The fact that the gold was passing through the Seattle post office was carefully guarded until the precious metal was deposited safely in the assay office.

## FOR VERMONT STATE TITLE.

Four Golfers Remain to Contest in Semi-Finals on Mt. Anthony Links.

Manchester, Aug. 7.—In the second round of the Vermont state golf championship on the Mount Anthony Country club links at Bennington yesterday morning two Elkwanok golfers won their way into the semi-finals and are in opposite ends of the draw. They are Frederick A. Martin, runner up to Frederick Herreshoff last year, and Edward W. Clark, former champion.

Vice-president Sherman Home.

Utica, N. Y., Aug. 7.—James S. Sherman, vice-president of the United States, returned to his home in Utica last night. He expects to spend the entire summer here.

## NEW TARIFF WORKS WELL.

Custom Houses in Several Large Cities Report No Trouble.

Washington, Aug. 7.—Information received at the treasury yesterday from New York, Boston and Philadelphia indicates that the new tariff law is working unexpectably smoothly. Generally at the beginning of the operation of a new tariff law matters in the big custom houses are at "sixes and sevens" for a few days, but no confusion yet has manifested itself in the administration of the Payne law, it is said. By treasury officials, this is accounted for by reason of the new law having been constructed on the general lines of the Dingley act, although, of course, the figures differ.

It is noted with considerable interest at the treasury department that the receipts from customs have increased materially since the beginning of the present fiscal year, in July 1. In the thirty-one business days of this fiscal year, the amount collected aggregated \$36,307,948, while for precisely the corresponding period of last year the collections were \$24,841,830, making an increase for the present year of \$11,466,118. During the last three days of the month of July, the receipts averaged \$1,500,000 a day, nearly twice as much for the corresponding days of last year.

## TRADE REVIVAL IS CONFIRMED.

Settlement of Tariff Fight Leaves It without an Obstacle.

New York, Aug. 7.—Dun's weekly trade review to-day says: "Every important development of the week confirms the revival of trade which even with the tariff under discussion and which has no vital obstacle to oppose it now that the tariff bill has become a law."

"Business can now adjust itself to the new schedules and go ahead without any uncertainty as to the future so far as customs duties and their effect upon prices are concerned. As it is, the volume of trade is large and is steadily expanding. The remarkable recovery in the iron and steel trade is of steadily progressive character. Grain crop news could scarcely be better. While the August statement for cotton indicated a low condition, yet in value the crop may bear comparison with former large yields although notwithstanding the government report, prices have declined."

"Commercial failures this week in the United States are 248 against 227 last week, 264 the preceding week, and 202 the corresponding week last year. Failures in Canada number 17 against 28 last week, 29 the preceding week, and 25 last year."

## THREE WOMEN FORGERS.

At Least Chicago Police Make Serious Definite Charges.

Chicago, Aug. 7.—Three women said by the police to be unusually clever forgers, who were wanted in several Eastern cities, were arrested at the Congress hotel last night. It is alleged they passed worthless checks on hotels and business houses in Washington, Philadelphia, Boston and Pittsburgh. The extent of their forgeries, it is thought, will exceed \$5,000. Whether any of their checks have been passed in Chicago is not known.

The trio came to the Congress hotel last Sunday from Pittsburgh. They registered under the names of Mrs. M. C. Edwards, Mrs. C. C. Oloot and Miss Crooke. Mrs. Oloot asserts that she is a daughter of Mrs. Edwards.

Miss Crooke, who is about 25 years old, was registered at the hotel as "maid." She admitted that she and Mrs. Oloot were formerly employed as nurses at the Massachusetts state insane asylum at Taunton.

## CAN'T BUILD HOSPITAL.

Metropolitan Life Will Have to Stick to Insurance.

Albany, N. Y., Aug. 7.—State Superintendent of Insurance Hotchkiss yesterday denied the application of the Metropolitan Life Insurance company for permission to acquire real estate for the purpose of erecting a hospital for its employees and selected policy holders of this state. He pointed out that from the very beginning of corporate insurance in this state insurance companies were limited to the acquisition only of such real estate as has been required by them in the transaction of their ordinary business, that is, the business of making and selling insurance.

## BINGHAM MAY GO TO CHICAGO.

He Is Being Pushed For Chief of Police to Succeed Shipley.

Chicago, Aug. 7.—Rather than displease his wife and some of his closest political friends, Bernard J. Bingham, secretary to Mayor Bue, decided he would rather continue in his present position at \$5,000 a year than a chief of police with \$8,000 pay. Now that Mr. Mulvaney is off the slate there are a dozen candidates to succeed ex-Chief of Police Shipley. Although he has not entered the race, Bingham is considered by Bingham of New York, who was recently removed by Mayor McClellan, is being urged for the place.

## TRAIN CRASHES INTO ELECTRIC.

Thirty-five Persons Hurt in Grade-Crossing Accident in Chicago.

Chicago, Aug. 7.—An electric car full with laborers and with women and children who had spent the day in the country was struck by a Pennsylvania train at the One Hundred and Third street grade crossing here last night and thirty-five persons were injured, five perhaps fatally. The passenger train, running at a speed of forty miles an hour, hit the street car squarely in the center and turned it upside down in a ditch fifteen feet away.

## BIG FIRE IN ODGENSBURG.

The Flos Shade Roller Factory Destroyed—200 Men Left Idle.

Odensburg, N. Y., Aug. 7.—The Flos Shade Roller factory here was destroyed by fire yesterday, entailing a loss of \$30,000, well insured. The fire is attributed to defective wiring. Two hundred hands will be thrown out of employment until the factory is rebuilt and equipped.

PRES. TAFT  
AT BEVERLYHe Arrives There in Good  
Spirits

## WILL PLAY GOLF AT NYPIA

This Afternoon He Was Greeted on  
His Arrival by Mrs. Taft  
and Sister and Crowd  
of Citizens.

Beverly, Mass., Aug. 7.—President Taft, Secretary Carpenter and staff arrived on the car Olympia at 8:40 this morning. He was met at the train by Mrs. Taft, his sister-in-law, Mrs. Lewis Mow, the Cuban and Chilean ministers, Mayor Trout and a crowd. There was only hand clapping. He then entered an auto and was whisked away to the Evans estate at Burgess Point. President Taft will golf this afternoon with his son, Robert, at the Myopia club. The train arrived at Boston at seven this morning and the car switched to the Boston & Maine for Montserrat station, Beverly. He left Carpenter and breakfasted on the car, finishing as he arrived here.

## FASTEST OF SEASON.

The Eel Paced a Heat in 2:02 1/2 Yesterday.

Kalamazoo, Mich., Aug. 7.—The grand circuit meeting wound up with great racing and the fastest heats of the year. The two minute heats brought out four horses and was the first clash of the Eel with the free-for-all brigade. The Canadian horse was favorite. It was a spectacular finish and The Eel won by a nose from Citation, while he beat Alton Wilson as much. He time is the season's record and within a quarter second of Joe Patchen's stallion record for two heats.

The 2:10 trot also proved a hard race and the veteran Country Jay lasted just long enough to get the decision.

From here the horses go in three directions, a majority to Cleveland, where the new grand track will be opened Tuesday, and the rest to Grand Rapids, Mich., and Galesburg, Ill. The summary of 2:00 races:

2:00 Pace, Purse \$1,500.  
The Eel, by Gambolier-Bollwell  
by John L. (McKewen)..... 1 1  
Citation, by m (McMahon)..... 3 2  
Hedgehog, by, oh h (Wilson)..... 4 3  
Alton Wilson, blk m (Cox)..... 2 4  
Time, 2:05, 2:02 1/2.

## BODY OF BARBEAU FOUND.

Suspicions of Foul Play in Death of Mrs. Moses Dismissed.

Newport, Aug. 7.—The finding of the body of Ernest Barbeau, who was drowned last Sunday while with Mrs. James Moses in a row boat, closes what seems to have been a peculiar accident. Mr. Barbeau's body was found floating near Cove Island by a man named Gardner, who notified Captain Holbrook of Lake Park. The latter, in company with O. H. Hawson, brought the body to the shore where Health Officer Summers of West Derby examined it and ordered it prepared for burial.

The place where the body was found was about half a mile from where Mrs. Moses' body was recovered last Tuesday. The fact that her lungs contained no water aroused a suspicion that she had been the victim of foul play and that her companion had fled. The finding of Barbeau's body proves the contrary.

Barbeau lived in Farnham, P. Q., and the report that he was a nephew of the woman is incorrect. Mr. Moses says he was no relation. The body was buried yesterday afternoon in the local cemetery.

## JUSSERAND MUCH PLEASED.

Tells People of France of Friendship Shown at Champlain Celebration.

Paris, Aug. 7.—M. Jusserand, the French ambassador in New York, has arrived here from New York. Before leaving Paris for his country seat in the department of the Loire, where he will spend his vacation, he will confer with the government on the situation created by the passage of the American tariff bill and the forthcoming negotiations at San Francisco and the minimum clauses. In an interview yesterday the ambassador expressed the firm conviction that the negotiations would be successful and that the maximum rates would not be applied to French imports. "Any other solution involving as it would the proclamation of a tariff war, would be monstrous," M. Jusserand declared.

Continuing the conversation, the ambassador said he was deeply touched at the evidence of American friendship for France which he had found throughout the United States, especially at the celebrations at San Francisco and Lake Champlain. M. Jusserand will return to Washington in October.

## NEW PEST ATTACKS ORCHARDS.

Waterbury Orchardists Disturbed Over Damage to Trees.

Waterbury, Aug. 7.—Orchardists are quite disturbed over a new pest which has appeared on the apple, plum, and cherry trees. This is a small worm, brown, about three-quarters of an inch thick. The insects look much like those of the regular apple tree worm, but wherever the leaves happen to be enclosed they die. Some orchards are badly touched, others are just beginning to show signs of this pest. The only remedy thus far used is the burning of the branches.

TOWN REPUDIATES  
ITS OWN ORDERS

By Vote of 160 to 6, New Haven Enjoins Payment of \$1,650 Loaned to Its Late Treasurer.

New Haven, Aug. 7.—At a special town meeting yesterday, it was voted 160 to 6 to enjoin the payment of orders amounting to \$1,650 held by William M. McIntyre against the town. It appears that Mr. McIntyre held receipts for the sum from the late town treasurer, A. P. Roscoe, and that after his death, May 19 last, he secured orders signed by the selectmen in return for them. The claim of the town is that Mr. Roscoe had no legal right to borrow the money, in its name.

Mr. Roscoe had been treasurer of New Haven for 15 years and a thorough examination of his books by Leroy C. Russell of Middlebury reveals an alleged shortage of some \$3,000, consisting of \$2,500 in loans from various individuals and a deficit of \$1,100 in cash on hand. In arriving at these figures, Mr. Russell examined some 13,000 transactions. The claims of the several people who made the loans to Mr. Roscoe will probably be taken into a court of chancery. The town has retained as counsel Lawrence & Lawrence of Rutland and Leroy C. Russell of Middlebury.

## TRAMPS SENT TO JAIL.

Two Went Begging and Each Got Ten Days.

Burlington, Aug. 7.—Two men charged with being tramps appeared in city court yesterday morning and both received sentences of 10 days in jail. Both the men seemed rather pleased with the prospect of a ten days' feed without work.

Hugh Jolimore said that he was a deep water sailor who hailed from New Brunswick way. He testified that he had visited White River Junction and Montpelier in search of work and bearing of Lake Champlain had lured him to the fresh water. He appeared a jolly sailor indeed. He pleaded not guilty to begging, but after being started on his way to jail changed his mind and said that he had begged a chew of tobacco. He also said that he would plead guilty to being a tramp.

James Connors, detected on South Willard street on Thursday afternoon by Officer Henry, the terror of tramps, said that he had been with the crew and had left his job the day previous. He felt in need of shoes, so went begging. He pleaded guilty. Connors hailed from South Amboy, N. J.

## STATE FORESTERS MEET.

Matter of Reclaiming Forest Land Discussed at Woodstock.

Woodstock, Aug. 7.—The summer meeting of the Forestry association of Vermont was held here yesterday. Between 30 and 40 men, accompanied by two teams filled with women, were carried over the Billings estate to investigate the matter of reclaiming forest lands by the planting of white pine, Scotch pine and larch. Maple trees set out 35 years ago were shown which a few years ago were about the size of saplings, but which, when the pine were set out between them, improved rapidly.

Foresters from 10 different states were present including A. S. Hall, the Vermont state forester, and those from New Hampshire, New York, New Jersey and Maryland. Dr. Pearl Spaulding of Washington, forest pathologist of the bureau of plant industry, was also present.

## TO LEAVE BURLINGTON.

Prof. L. R. Jones Has Desirable Chair at Wisconsin State University.

Burlington, Aug. 7.—L. R. Jones, professor of botany at the university of Vermont and one of the foremost botanists in the state, has accepted a position as professor of vegetable pathology at the Wisconsin state university at Madison, Wis., and he leaves Vermont February 1.

Professor Jones is president of the Vermont Forestry association and secretary of the Vermont Botanical club and he has been prominently identified with the Vermont agricultural experiment station for a number of years.

His going will be a distinct loss to the college and to the city.

## WILL STAY IN RUTLAND.

Capitalists Secure Land Needed to Enlarge the Plant.

Rutland, Aug. 7.—The long entertained fear that this city was to lose the big plant of the Columbian Marble Quarrying company, recently sold to New York capitalists, was dispelled yesterday when after a long conference George C. Underhill, a promoter, announced that he had bought a piece of land adjoining the mill and as they now have sufficient property for their needs the mill will stay. There has been trouble in getting the land wanted as it means that the mill will come very near private residences.

## FOR SUNDAY BASE BALL.

Over 600 Signers to Rutland Petition for Games.

Rutland, Aug. 7.—At 3 o'clock yesterday afternoon it was estimated that between 600 and 700 citizens had signed the petition asking for Sunday base ball, which was put into circulation in this city Thursday morning under the direction of the Rutland base ball team. Some of those in charge of securing the names said yesterday that although little time has been devoted to the matter, there seems little difficulty in getting a good percentage of signatures and it is understood that the names of many men prominent in this city are already on the list.

## \$30,000 SHRINERS' TEMPLE.

Work on the New Rutland Building Will Begin October 1.

Rutland, Aug. 7.—The plans drawn by E. L. Austin, the Burlington architect, have been accepted for the new \$30,000 temple of the Cairo temple, Mystic Shrine, to be built in this city. The work of construction will be begun October 1.

## TALK OF THE TOWN

Take advantage of our 20 per cent. discount sale now on and get nice hammock that you have wanted all summer. C. N. Kenyon &amp; Co.'s Bargain Store.

Keep in mind that you can save 20 cents on every dollar's worth of goods purchased at our store for the next 15 days. See and take goods excepted. See our ad on page 5. C. N. Kenyon & Co.'s Bargain Store.

Among arrivals at the City hotel last evening were E. A. Spaulding, Knutson, Pa.; Edward Heffner, St. Paul, Minn.; L. W. G. Shaw, Bethel; E. L. Adams, Burlington; J. W. Medick, Lyons, N. Y.; A. W. Thorne, Minneapolis, Minn.; L. D. Thorpe, Boston.

IS PLEASED  
WITH LAWSenator Dillingham, Home,  
Expresses Satisfaction

## WITH ITS PROVISIONS

With the Exception of the Income Tax  
Feature—This He Considers  
the Lesser of Two  
Evils.

Senator W. P. Dillingham arrived in Montpelier from Washington on the early train this morning for a few days' rest before leaving on his western trip to Honolulu, on immigration matters. Senator Dillingham was seen by a reporter and asked his views on the new tariff law. The senator seemed to be pleased with it. He said it had a tendency to raise duties on luxuries and to lower them on everyday commodities. He predicted a period of industrial prosperity throughout the country following the enactment of the law. He also said the statement issued by President Taft voiced his views with the single exception of the president's statement as to the corporation tax. This tax is really the lesser of two evils. If Congress hadn't passed this it would have passed an income tax law. The corporation tax is 1 per cent. on incomes of \$5,000 and over.

## GREAT CROPS IN THE WEST.

F. A. Vanderlip Says Only Concern in That Country is How to Handle Them.

New York, Aug. 7.—Frank A. Vanderlip, president of the National City bank, was in his office yesterday after an absence of several weeks, most of which he has spent in hunting through Colorado, Idaho and Montana. Mr. Vanderlip said that business was not concerned with the tariff and that he was glad it was out of the way.

"Business is so good," he said "that we'll soon forget all about the tariff. The tariff is largely a matter of personality and locality."

His trip was purely a vacation, Mr. Vanderlip said, and was not concerned with business in any way. But he had been raised on a farm and he had noticed from the car windows the remarkable condition of the crops. In Nebraska he was particularly interested, where corn is the principal crop. The oats crop is being harvested there now, he said.

In his talks with the farmers and railroads throughout the West, Mr. Vanderlip said that he gathered only one opinion about the crop and that was that it would be tremendous and that they are making every effort, he thought, and would be able in a large measure to finance the crop movement.

## LABOR GROWING SCARCE.

This Is Unmistakable Sign of Industrial Activity.

New York, Aug. 7.—Bradstreet's state of trade report says: "With the advent of August the new tariff has become an accomplished fact, the leading crops are assuming more tangible form and the usual fall buyers' excursions are bringing purchasers to leading markets. A measurable expansion in jobbing distribution is in evidence, while retail trade is still largely of a clearance character. There is also noted this year what was absent for two preceding years, a growing scarcity of labor. Money is feeling the call for crop moving purposes and farmers rates are in prospect. Building remains very active, and clearings totals are of record size for this season. Summed up, trade and industry may be said to be little below normal and conditions tempered by conservatism rules."

Business failures for the week ending with August 5 were 184 against 228 last week, 205 in the week of 1908, 67 in 1908, 137 in 1906 and 166 in 1905.

## TROOPS OFF FOR BOSTON.

Five of the Tenth Cavalry Leaves Tonight for Joint Manoeuvres.

Burlington, Aug. 7.—Five troops of the 10th cavalry will leave Fort Ethan Allen at six o'clock this afternoon for Boston, where they will participate in the joint army and navy manoeuvres to be held in that city.

## BALLOON GOING SOUTHEAST.

Norfolk, Conn., Aug. 7.—The balloon Massachusetts, which left Pittsfield at 3 this morning with Sheldon Whitehouse of New York and William Van Sleet as pilot, passed over here at seven going southeast. The occupants of the basket shouted to telephone Pittsfield. The balloonists are attempting to break the long distance record.

WILLIAMSTOWN COULD  
NOT HOLD THEMItalian Athletic Club Team Won the  
Game Yesterday Afternoon by a  
Score of 19 to 3.

The Italian Athletics defeated the Williamstown team at Williamstown yesterday by the decisive score of 19 to 3 in a seven-inning game. The Williamstown team earlier in the week played the Athletics a 13-inning game which resulted in the score of 2 to 1 in favor of the Italian team, so the result of the game yesterday was somewhat of a surprise. Olson started in the game for Williamstown in spite of a sore finger, but was obliged to retire after five innings.

Gabelloni pitched a good game for the Athletics, allowing six hits and striking out five men. The battery for Williamstown was Olsen-Godfrey and Godfrey-McAuley, while for the visitors Gabelloni pitched and Chiaradonna, the new man who joined the Athletic team, was worked in for catcher. Neither side scored until the third, when Clark of Athletics, allowing six hits and striking out five men. The battery for Williamstown was Olsen-Godfrey and Godfrey-McAuley, while for the visitors Gabelloni pitched and Chiaradonna, the new man who joined the Athletic team, was worked in for catcher. Neither side scored until the third, when Clark of Athletics, allowing six hits and striking out five men. The battery for Williamstown was Olsen-Godfrey and Godfrey-McAuley, while for the visitors Gabelloni pitched and Chiaradonna, the new man who joined the Athletic team, was worked in for catcher. Neither side scored until the third, when Clark of Athletics, allowing six hits and striking out five men.
